

DRY AMENDMENT PASSES ILLINOIS HOUSE 84 TO 66

First Introduction of Bills Will Be Made Today

SPRINGFIELD, Ill., Jan. 14.—After ratification today of the federal prohibition amendment by a vote of 84 to 66, following similar action of the state senate last week the house of representatives relaxed long enough to draw seats for the entire membership and then adjourned until 10 o'clock tomorrow morning. First business tomorrow will be roll call for the introduction of bills and the lower branch is expected to get down to business in earnest. Today's adjournment came on a resolution introduced by Representative E. Walter Green of Hillsboro expressing the regret of the house in the death of the late David B. Miller, former member of the house.

Just before adjournment Speaker Shanahan announced a new committee on rules consisting of Representatives Bippus, Stanfield, Vickers, Young, Flagg, F. H. McCarthy, Kasserman, Deane, Arthur Roe, and Sheppard. The speaker is also ex-officio chairman.

The only item of business at today's session in addition to the ratification of the federal amendment was the introduction by Representative Theodore K. Long of Chicago, of a resolution providing for a special committee of nineteen members to be placed by the speaker to act as a special committee on constitutional convention, to which all bills and measures relating to the subject will be referred. The resolution went to the committee on rules just appointed.

Hold Dry Jubilee.
Immediately after the roll call on the prohibition measure a "dry" jubilee got under way at a local church and the jubilation lasted the rest of the afternoon. F. Scott McBride, superintendent of the Illinois Anti-Saloon League was one of the speakers. Mr. McBride expressed gratification with the result and said the vote gave proof that the dries on whom the league had counted were not wanting when the test came.

Leaders among the "wets" tonight in commenting on the day's result said the voting on the resolution lacked the "band wagon" flavor which they stated, the anti-liquor men had advertised. It was pointed out the eighty four votes for ratification represented only two in excess of the minimum forecast by Mr. McBride. The maximum to which McBride believed the "dry" would go was eighty nine or more votes.

The vote on the roll call on the federal prohibition amendment follows:

Ayes—Abbey, Arnold, Baker, Bancroft, Beaver, J. R. Bentley, W. H. Bentley, Bippus, Boyd, Bowers, Brewer, Castle, Church, Cuddeback, Doolley Drake, Giddens, Green, Gregory, Hammond, Havill, Hicks, Holaday, Howard, Irwin, Johnson, Kasserman, Lacy, LaPorte, Lindstrom, Lucius, Long, McCabe, McDermott, Meents, Meyers, Miller, Mooneyham, Morray, Noble, Pace, Parish, Perkins, Phillips, Reach, Reice, Richardson, Roberts, Ronalds, S. W. Rowe, Ruffner, Shearer, Short, Shurtliff, Ben L. Smith, O. W. Smith, Snell, Sonnermann, Stanfield, Steven, Thomas, Thomas, Stone, Tise, Tuttle, C. M. Turner, Vance, Vice, Wagner, Walters, Wanless, Watson, Wells, Werts, West, Harry Wilson and Young—84.

Nays—Alpiner, Biele, Brinkman, Browne, Cain, Clinch, Thomas Curran, Charles Curran, Dietrick, Donlon, Douglas, Doyle, Epstein, Fahy, Fieldstack, Franz, Frisch Garresche, Gorman, Graham, Griffin, Nenebry, Holton, Igoo, Jacobson, Keane, Kowalski, Lager, Lyon, Pater, Marcy, F. Absent—Clattenberg, Jones.

NEW YORK GIANTS SOLD

New York, Jan. 14.—The controlling interest in the New York National League baseball club held by the estate of John T. Brush, was sold today to Charles A. Stoneham, a broker; Judge Francis X. McQuaid, and John J. McGraw. The sum of \$1,000,000 was said to have been paid for the controlling interest.

DIRIGIBLE DELAYED

Brunswick, S. C., Jan. 14.—The C-1 navy dirigible which is on a voyage from Raleigh, N. Y. to Key West, Fla., arrived here late today after having been delayed by rudder trouble which forced it to descend yesterday at Georgetown, S. C. The flight will be continued tomorrow.

Argentina Put Under Strict Martial Law

BUENOS AIRES, Jan. 14.—The chamber of deputies today by a vote of 62 to 5 declared martial law throughout the entire republic for thirty days. The bill is expected to pass the senate tomorrow and to receive the signature of the president.

The measure will become effective immediately. Crowds outside the newspaper offices cheered the posting of the bulletin.

The minister of the interior appeared before the chamber of deputies by invitation this evening to explain the situation. He said the disturbances in Buenos Aires were under control as a result of the active measures taken by General Delpliane, the military dictator but that the trouble was spreading thruout the republic especially in the provinces of Buenos Aires, Santa Fe, Santiago de Estero and Tucuman. He added that these provinces had appealed to the national government for assistance and that the reserves had been called to the colors.

Questioned by a deputy as to whether the government desired to declare martial law, the minister replied that the government would welcome the passage of a martial law measure by congress.

The deputies immediately went into secret session and approved the measure almost without debate. The declaration of martial law appears to be favored by the newspapers and the public and the measure probably will be made effective Wednesday.

WILSON EXCHANGES VIEWS WITH BRITISH HEADS

PARIS, Jan. 14.—(By The Associated Press.)—The conference of President Wilson with Premier Lloyd George, Andrew Bonar Law and A. J. Balfour, this afternoon gave opportunity for a most satisfactory exchange of views on the subjects coming up for settlement at tomorrow's session of the supreme war council. The hope is expressed that this will result in giving greater speed to the work of both the supreme war council and the inter-allied peace conference. It is expected that sittings of the war council will occupy the entire day. One of the questions to be discussed is the official language to be used during the sessions. It appears also that the question of representation has not been entirely solved and this matter will come up for further discussion. It is said tonight that the supposition that the French language has been decided on as the only tongue to be used in the conference is at least premature.

The opening session of parliament and the cabinet meeting today took up the attention of Premier Clemenceau and his collaborators so that little opportunity was afforded for a further conference with the French statesmen before tomorrow's meeting.

SEVEN STATES VOTE FOR DRY U. S.

CHICAGO, Jan. 14.—Seven states today completed ratification of the prohibition constitutional amendment, and brought the number taking such action to 30. The number necessary for ratification is 36.

In addition the Nebraska senate and the Utah house voted for ratification.

In California, however, attorneys for the grape growers' protested against filing suit for an injunction to restrain the governor from certifying the ratification. In support of the suit it was argued that all acts of the California legislature must be submitted to a referendum.

The states which thus far have ratified the amendment are: Kentucky, Virginia, Mississippi, South Carolina, North Dakota, Maryland, Montana, Arizona, Delaware, Texas, Georgia, Louisiana, Florida, Michigan, Ohio, Oklahoma, Tennessee, Idaho, Maine West Virginia, Washington, California, Indiana, Arkansas, Illinois, North Carolina, Kansas and Alabama.

INVESTIGATING CAUSE OF TWO WRECKS

PHILADELPHIA, Jan. 14.—Two of the score of persons injured in the two wrecks on the Reading railway north of this city last night are in a precarious condition and are not expected to live. Twelve persons were killed in the two collisions, eleven at Fort Washington, where the Scranton Flyer crashed into the rear of a local train and one eight miles further north in a wreck of a work train. Three investigations of the cause of the Fort Washington wreck are under way.

The little town of North Wales where eight of the victims lived will probably hold a public funeral for the victims.

GERMANY WILL HOLD ELECTIONS NEXT SUNDAY

Ebert Government Is Confident of Its De- fensive Ability

BERLIN, Sunday, Jan. 12.—(By The Associated Press.)—The Ebert government tonight was confident of its physical ability to defend the elections to the national assembly next Sunday (Jan. 19) against violence from Spartacist and Independent Socialist sources.

The insurrection generally, it appeared tonight, had been effectively put down chiefly because the new troops called in by the government had taken matters in hand and were determined to give the followers of Liebknecht no quarters. The next few days it is declared will witness the inauguration of further drastic military measures calculated to stamp out the Bolshevik contagion.

One of these measures cover the illegal possession of arms and ammunition and it is proposed to make this offense punishable with immediate death. The military men now cooperating with the government propose to show the insurgents no mercy and they amply demonstrated this policy during the recapture of the Vorwarts building and police headquarters.

It is declared by credible eye-witnesses that the new government troops in both actions Saturday beat down the bayonets and with clubs and otherwise killed scores of men who were Spartacist guards or civilians caught with arms. Hundreds of persons already have been arrested and are facing severe penalties.

Berlin Full of Robbers.

The last ripples of the tidal wave which has swept over Berlin in the past seven days now are being felt in the spread of robbery and looting which is being carried on by soldiers and sailors who detached themselves from Spartacist units. The section of headquarters in the past forty-eight hours has been terrorized by armed men who pilfered food shops, cigar stores and public buildings.

Three sailors walked into a postal substitution yesterday and carried off 120,000 marks. Gunmen and criminals from all parts of Germany hurried to Berlin in the first days of the revolution according to reports and enlisted in the Spartacist forces at the police station which served as a base for private undertakings when the men were not engaged in obeying the orders of the Spartacist leaders. During the vandalism all criminal records official documents and rogues' galleries at police headquarters were destroyed. Berlin at one time ranked as one of the best policed cities in the world; tonight it is virtually defenseless against lawlessness.

The promoters deserted. Enter Den Linden today and crowded into the newspaper area where the publishers were busy getting their badly disheveled plants in order for Monday's issue. The property loss and disorder caused by the rebels was especially heavy in the plants of the Vorwarts and the Tagblatt.

Bavarian Elections.

Munich, Jan. 1.—(By The Associated Press.)—The election today for members of the Bavarian constituent assembly was held in an orderly manner. All political parties took part. One of the features of the elections was the heavy representation of women voters especially those belonging to the religious orders who marched to the voting booths in groups.

The returns at midnight indicated that the majority Socialists would have fifty per cent of the membership of the assembly, the clericals and conservatives thirty-two per cent, the German Democrats fourteen percent and the remaining four per cent scattered among various factions.

The Independent Socialists were beaten decisively.

SPARTACAN LEADER WOUNDED

London, Jan. 14.—Dr. Karl Liebknecht, one of the Spartacan leaders, was wounded severely in the fighting in Berlin, according to an Exchange Telegraph dispatch from Amsterdam. The report gives no details.

Last week it was reported that Dr. Liebknecht had been killed but later reports from Berlin direct showed this to be untrue.

GREGORY'S SUCCESSOR AWAITS WILSON'S RETURN.

Washington, Jan. 14.—Appointment of a successor to Attorney General Gregory whose resignation will become effective March 4 probably will be deferred by President Wilson until his return from Europe now planned for about February 18. It was said here today, G. Carroll Todd, assistant to the Attorney General was mentioned today as a possible appointee.

Senate Gives Over Sessions to Peace Debate

WASHINGTON, Jan. 14.—Less than a dozen senators were in their seats today for another session of the senate given over largely to a discussion of questions to come before the peace conference.

Senator Borah of Idaho, Republican and Shaforth Democrat of Colorado spoke on the proposed league of nations and Senator Thomas of Colorado, Democrat, discussed military intervention in Russia. During the debate, Senator France of Maryland, Republican, introduced a resolution proposing an early withdrawal of American troops from Europe and postponement of the formation of a league of nations until after the peace treaty is concluded.

In opposing a league of nations Senator Borah especially attacked the proposed use of military forces by an international league and also criticized the administration program for a large expansion of the American navy.

Senator Shaforth declared a league of nations should be formed at once and vigorously opposed the resolution of Senator Knox, of Pennsylvania, Republican, proposing postponement of consideration of this question by the peace conference.

Retention of American troops in Russia was advocated by Senator Thomas who said this was necessary to protect military stores and to aid the Czechoslovak forces. He denied that war is being waged against the Bolsheviks, but said some policy to combat Bolshevism should be adopted.

M'CORMICK, HEAD OF DEMOCRATIC COMMITTEE QUILTS

WASHINGTON, Jan. 14.—Vance C. McCormick has resigned as chairman of the Democratic National committee and it is understood that he is under consideration for appointment as American ambassador to France to succeed William Graves Sharp. Mr. Sharp's resignation, it is said, is now in the hands of the president but no announcement of the fact has yet been made.

The fact that Mr. McCormick has resigned became known here tonight although there had been no suggestion of it when he sailed for France two weeks ago to assist with work in connection with the peace conference. He went to Paris in his capacity as the chairman of the war trade board a position to which he was appointed last year.

Officials at the White House declined to discuss the report that Mr. Sharp would return home to be succeeded by Mr. McCormick, but it seemed to have credence in other official circles. Mr. Sharp was understood to have desired for some time to return to this country for a rest after his arduous duties as the American representative at the French capital during the long years of war.

Mr. Sharp, whose home is at Ellyria, Ohio, was appointed ambassador to France on June 12, 1914, and resigned from congress to accept the post. He succeeded Clayton T. Hedges in December, 1914. Mr. Sharp returned to the United States for a brief vacation in 1916, the only one he had during the war. Recently he was called home by the illness of his brother and is now in the United States, although it is understood that he expects to return to France soon.

STRIKE DISORDER CASUALTIES LARGE

WASHINGTON, Jan. 14.—Approximately 800 persons have been killed and 5,000 injured in the strike disorders in Buenos Aires, according to advices received today at the state department. Of the wounded 1,500 received treatment in hospitals. In making this announcement, Assistant Secretary of State Phillips said the Socialists with whom the majority of the labor organizations implicated in the strike are associated refused to be further identified with the strike disorders. The anarchistic nature of the uprising, Mr. Phillips said, was shown by attacks on churches and convents. Sacred images were thrown into the streets and one priest was killed in a convent from which nuns and children were driven.

F. M. Quintana, Argentine cablegram from his government dated yesterday denying that a dictatorship had been established in Argentina by General Dellepliane.

VOTE TO RAISE PASTORS

New York, Jan. 14.—The Presbyterian church in the United States has provided in its 1919 budget for a fund of a million dollars to increase the salaries of pastors who are not considered adequately paid, it was announced today.

GOTHAM FIGHTER WINS

Minneapolis, Jan. 14.—William Jackson, the New York lightweight, decisively outboxed and outfought Johnny Noye of St. Paul, in every round of a 10-round bout here tonight.

Representatives To Peace Meeting Not Yet Complete

PARIS, Jan. 14.—The representation of the various nations in the inter-allied conference, although virtually arranged as shown in the unofficial list that has been published is still subject to revision. In order to avoid humiliation to any nation the representation of which it may be found advisable to adjust the supreme council has refrained from officially making public the tentative list. It is possible that some efforts will be made by nations not entirely satisfied with the number of delegates assigned them in the unofficial list to secure some amendment but it is said that strong reasons must be adduced to secure any such change.

Inasmuch as no issues before the conference will be decided by voting only by unanimous action, the large number of British delegates resulting from the decision to allow colonial representation has not actually increased Great Britain's strength. At the same time, it is believed because of the similarity of views held by the Americans, Canadians, Australians and New Zealanders for instance, their presence would add moral strength to the American plans.

An explanation of the allowance of three delegates to Brazil while Belgium and Greece get two each is the fact that Brazil not only gave most valuable service in the war in affording naval protection against German raiders to the south Atlantic routes and the east coast of South America but that she represents the South American continent in the ranks of the belligerents.

Conferees Reach Agreement On Revenue Bill

WASHINGTON, Jan. 14.—Tax rates on luxuries, semi-luxuries and amusement admissions and club dues were agreed upon today by the senate and house conferees on the war revenue bill.

Practically all of the senate's rates on luxuries and semi-luxuries were accepted by the house conferees chairman Simmons of the senate managers.

Rates in the house bill on amusement admissions in excess of 20 cents were adopted by the conferees. The senate managers accepting the higher house rate but reaching a compromise for retention of seat, rate on admissions of 30 cents or less. Under the agreement the amusement admission tax will be one cent on each 10 cents paid up to 30 cents and two cents on each dime paid in excess of 30 cents.

In disposing of the excise or semi-luxury taxes the conferees agreed to the senate assessment of 10 per cent of the amount of excess of fixed standard prices by purchasers of semi-luxuries such as carpets, picture frames, traveling bags, pocket books, umbrellas, fans, hats, shoes, stockings and other articles.

The luxury rate provides five per cent taxes on manufacturers' sales of motor vehicles, tires and accessories, pianos, talking machines, candy and similar articles, 10 per cent on athletic goods, liveries, furs, yachts and motorboats, and three per cent on chewing gum and toilet soaps.

GUARD FLAGS WILL BE GIVEN STATES.

Washington, Jan. 14.—When the national guard and national army organizations have been banded their battle flags will be given into the custody of the states from which the majority of the men came when their organizations were formed. The war department announced today that title to the colors would be retained by the federal government.

TERRITORY AWARDED WESTERN LEAGUE.

New York, Jan. 14.—The territory of Tulsa, Okla., disputed by the Western League and the Western Association was awarded to the Western League at a meeting here today of the directors of the National association of professional baseball clubs. The Hutchinson-Tulsa club will be transferred to Tulsa.

SOUTHERN BUSINESS MEN ORGANIZE

New Orleans, La., Jan. 14.—Business men from twenty states today organized the Mississippi Valley association for the purpose of advancing the interests of the valley in matters of commerce, agriculture and finance. The slogan of the organization was declared to be "American bottoms for American freights."

WILSON PLANS TOUR OF U.S. ON RETURN HOME

Object Is To Inform People of Proceed- ing In Paris

PARIS, Monday, Jan. 13.—(By The Associated Press.)—President Wilson is considering a speaking tour of the United States when he returns home. It is said that this trip will take him into many of the principal cities and it is possible that he may touch the pacific coast. His plans are not as yet matured, but it is believed that he has discussed the plan with his advisers.

With congress out of the way, early in March, Mr. Wilson would have an opportunity for such a tour before returning to Europe should he follow his original plan and if return should be necessary. He would also have time for his proposed trip before the convening of an extraordinary session of congress should he decide to call one. So far as known, Mr. Wilson has no plans for an extra session, but he will still hold to his idea of returning to the peace congress if it is felt his presence is necessary to the success of the league of nations.

Object of Tour.

The object of his proposed speaking tour would be to inform the country by personal contact of the proceedings at Paris and at the same time sound out and encourage public sentiment in support of the peace principles he has enunciated and which he feels have been acclaimed by the masses in Europe.

There are as yet no official announcement of the president's purpose but some of those close to him suggest such a trip is feasible in view of the fact that it is now certain that the peace congress will still be working on problems during the summer. Mr. Wilson's friends believe that popular expressions in the United States might support those of England, France and Italy and have great influence on European statesmen.

Planned With Receptions.
The president has told his friends that he considers the receptions given him by the people of Europe, not as a personal endorsement but as an approval of his peace principles. He is being urged therefore to make a speaking tour to give opportunity for popular manifestations of public opinion in his own country.

BOLSHEVIKI SENDS SWISS ULTIMATUM

GENEVA, Jan. 14.—(By The Associated Press.)—The Bolshevik government in Petrograd has telegraphed an ultimatum to the Swiss federal authorities saying that unless thirty Bolsheviks who were arrested and imprisoned in the fortress of Savant, in the Canton of Valais are released before Feb. 1, thirty Swiss citizens in Petrograd will be shot without trial.

There is great indignation here over the situation. The Bolshevik movement seems to be spreading in the Rhine towns and in north Switzerland where Madame Balanova, a Russian who recently was expelled has returned secretly with several million rubles for the carrying on of Bolshevik propaganda. The police are searching for her.

SENATE TAKES UP RELIEF MEASURE

WASHINGTON, Jan. 14.—Hearings on the bill appropriating \$100,000,000 for famine relief in Europe and the Near East enactment of which has been urged by President Wilson as the only means of preventing the westward spread of Bolshevism will begin tomorrow before the senate appropriations committee sitting in executive session.

Senator Martin, chairman of the committee, announced today that representatives of the state and treasury departments and the food administration have been asked to appear for examination regarding plans for expenditure of the relief fund. At the request of members of the committee Senator Martin also cabled today to Secretary of State Lansing in Paris for further information as to the uses to which the money is to be put.

Republican leaders plan to vigorously oppose the bill which was passed last night by the house without division on party lines. They particularly demand to know just how the fund is to be expended.

FUNERAL SERVICES FOR WILLIAM J. ONAHAN

Chicago, Jan. 14.—Elaborate funeral services for William J. Onahan, bank president and former city controller, one of the most widely known Catholics in America, were conducted today at St. Patrick's church under the personal supervision of Archbishop Mundelein.

President Cavanaugh of the University of Notre Dame was the orator. Many public officials and personal friends of Mr. Onahan were in attendance.

Two Boxing Bills Introduced To State Senate

SURINFIELD, Ill., Jan. 14.—Two bills proposing the legalization of boxing matches in the state of Illinois were introduced in the upper house of the general assembly today. One measure, introduced by Senator Daniel Herlihy of Chicago, proposes a commission of five members to be named by the governor to direct matches by licensed clubs. A decision would be permitted but no bout might exceed six rounds in length and gloves would not weigh less than five ounces as provided by the Herlihy bill. Any club staging a boxing match would be required to pay ten percent of its gross receipts into the state treasury. A secretary-treasurer of the boxing commission would receive \$3,600 for his services and the expenses of the commission would not exceed \$10,000 a year.

The other boxing bill, introduced by Senator Patrick Carroll, also of Chicago, also provides a commission but of three instead of five members. No match might exceed ten rounds, according to the bill, which is silent on the question of "decisions" but says gloves would weigh not less than six ounces. This measure would have the club arranging the match pay five per cent of its gross receipts into the state treasury.

Among other bills introduced in the senate today were the following:

Senate Bill four, five and six (Kessinger). To amend the state civil service law so as to give honorably discharged soldiers and sailors preference in civil service employment.

Senate Bill seven, (Glackin). To establish physical training in the public schools.

Senate Bill eight, (Glackin). To provide for state regulation of public utilities in cities of more than 5,000 population.

Senate Bill ten, (Jewell). To prevent teaching of German in elementary schools of the state.

Senate Bill fifteen, (Barr). To provide for retirement of Illinois Supreme Court judges after 24 years of service and at the age of 65 years on pay of one half the amount received on retirement.

Senate Bill eighteen, (Bailey). To provide for a national guard armory at Peoria.

IMPLEMNT PRICES WILL REMAIN HIGH

KANSAS CITY, Jan. 14.—So long as the farm profits from the high level of food prices, and there is no reduction in the cost of labor and materials he will be required to pay the present high scale of prices for farm implements, George A. Ranney, of the International Harvester company, president of the National Implement and Vehicle association told the members of the western implement and hardware association here today at the opening session of the annual convention of that body.

MANGLED BODY FOUND ALONG TRACKS

DUBUQUE, Ia., Jan. 14.—The horribly mangled body of a man, identified as Frank Vanvoet, was picked up on the tracks of the C. G. W. railway at an early hour Tuesday morning. It is thought he was trying to hot a train and fell beneath the wheels. The body had been dragged over half a block, as pieces of his clothing were picked up at that distance from where the remains were found.

I. W. W. ATTEMPT TO GAIN CONTROL LABOR CONGRESS

Radicals Are Denied Seats At The Meeting

CHICAGO, Jan. 14.—Socialists and members of the I. W. W. made an unsuccessful attempt today to gain control of the National Labor congress call by the International Workers Defense League to decide upon a plan of action to obtain new trial for Thomas J. Mooney and Warren Billings now serving life terms for murder in connection with the San Francisco preparedness day parade bomb outrage in July, 1916.

Trouble was precipitated at the opening session when several hundred Socialists and I. W. W. leaders insisted upon being seated as delegates. Among the Socialists in attendance were Adolph Germer, national secretary of the party and Rev. Irwin St. John Tucker, recently convicted for violating the espionage law and George Koop of Chicago. Germer later was seated as a delegate from a local of the United Mine Workers.

Altho the radicals were denied seats they refused to leave the hall and attempted to participate in the proceedings.

Invite Only Trade Unions

The International Workers Defense League in planning the congress invited only trade unions to send delegates and wanted the discussion confined to the Mooney case but Bolshevism and many other subjects would be considered before the meeting if radicals could have their way.

R. H. Ashcroft a delegate from Tacoma, Wash., is said to have a resolution calling for the release of all industrial and political prisoners including Eugene Debs, Victor L. Berger, Adolph Germer, William D. Haywood and others convicted since the beginning of the war.

Altho the conservative element won in the first clash today there seems to be considerable doubt whether they will be able to control the action of the convention. The trouble started when John Fitz

TO THE HONOR OF PRESIDENTS.

Americans today are finding much satisfaction in the fact, brought to notice at ex-President Roosevelt's death, that no president of the U. S. had ever profited by his office beyond the salary paid him. Mr. Roosevelt left a substantial estate but he was wealthy by inheritance and for a number of years before he became president and afterward his earnings were large. Few of the men who have occupied the presidential chair have been wealthy and it is a tribute to the republic that the integrity of none has ever been questioned.

SLACKERS WITHOUT A COUNTRY.

The Norwegian declarants who withdrew their applications for citizenship in order to avoid service in the American army will evidently have to found a country of their own. The Norwegian government has filed with the U. S. government a protest against the proposed deportation of these slackers to their native country. For some people it is a terrible hardship to be drafted for army service, but evidently there are states and conditions far worse. "The slacker without a country" is certainly in bad shape.

PROFITABLE INCONVENIENCE.

Several times during recent weeks the railway administration has placed an embargo on the shipment of hogs. Farmers in some instances have had swine loaded in cars ready for early train movement when embargo orders have necessitated unloading and heavy additional expense. So there has been protest and some dissatisfaction but livestock papers are well pointing out that it is far better for the farmers to have these inconveniences than to have taken the losses that would certainly come if the government had not used the influence of the food administration to maintain prices. Livestock men believe that but for this program of government support the price today would have been \$12 or \$13 per hundred instead of \$17.50.

SAVING MONEY FOR SOLDIERS.

The French government has been very courteous in exempting men and officers of the American expeditionary forces from the customs duties and registry provided by French law. The thoughtfulness and good will are both appreciated. They are a question just how much money will be saved by the soldiers. According to all reports, most of them are several months behind in receipt of their pay and the French government would

tackle a difficult job in levying and collecting taxes from them. Possibly the war department had in mind to avoid unnecessary expenses when it adopted the payment plan which brought about these long delays in receiving pay.

THE NEEDED TYPE.

Hon. Jonathan Bourne, president of the Republican publicity association, recently made a very timely statement about the kind of presidential nominee the country needs for 1920. Mr. Bourne said: "What this nation needs, first of all, is a president who believes in the American system of government—a government divided into three branches, legislative, executive and judicial each performing faithfully and efficiently its own duties and not attempting to dictate the acts or policies of the others. Experience has shown that waste and inefficiency result from neglect of administrative duties by an executive who tries to run the legislative branch of government."

"This nation needs a president who has had the broad training and experience in the radical affairs of the world and of government. We need a president whose associations and sympathies have been with the producers of the country, for upon the prosperity of the producers the future greatness of this nation must rest. We use the word 'producers' in its broadest sense. Some consideration, but of a secondary sort, may be given to people who class themselves only as consumers."

RIGHTS IN ILLINOIS.

The St. Louis Globe Democrat is especially interested in that part of Gov. Lowden's message to the Illinois legislature relating to water transportation. That paper had the following comment: "The prominence given by Gov. Lowden in his message to the continuing need of Illinois prosecuting the work of making a much greater water link between Lake Michigan and the Mississippi River has the higher merit of not being new, but something already approved by the people of the state, yet so often jugged to defeat as to have been almost forgotten."

"Some of the most desecratable pages in the history of legislation in Illinois have either been written, or blurred, in connection with that work. The popular vote of the state approved state taxes for a continuing period of time, estimated on the basis of doing the work on a scale commensurate with its importance, and in a way to make the water powers to be generated a source of state revenue for liquidation of the interest and sinking funds of the debt, and, thereafter, providing a permanent and increasing source of state revenue."

"The provisions relating to water-power rights and privileges can be assigned as the only cause of repeated postponement of action. This question will again be raised, as vital as ever before, when any action is attempted on anything resembling the lines at first proposed. Yet we are well satisfied that any new plan of action departing markedly from the lines which met popular approval then would run counter to the direction of public opinion now. The state must not surrender any of its rights and interests, along that coming watercourse, in the creation and distribution of such a vital thing as water powers during the industrial era soon to exceed any in our national history. It was a great Illinoisan who once said 'the rights of the people are safe with the people.' After more than a decade of experience with this particular matter, the Illinoisans know what their rights are."

Rippling Rhymes By Walt Mason

WINTER DAYS

The winter days are with us now, the winds are wild and chill, and my old idiotic cow comes bawling up the hill. To seek the wooden water trough she wandered thru the gale, and had her antlers frozen off, likewise her precious tail. The view outdoors is sad and bleak, the snow's heaped by the fence; the arctic winds cavort and shriek, without a lick of sense. And yet I am not woe-begone, as I sit by my fire, and ply my pipe and demijohn, my corkscrew and my lyre. Though at my window tempests beat, one thing, I'm thankful for: I do not have to save the sleet, to help win the war. Triumphantly our banners wave, the long ordeal is done; we are not asked to pinch and save, that we may can a Hun. Some griefs and worries, be it said, my spirits have attacked; my car is frozen in the shed, the radiator cracked; I have some fowls which should provide fresh henfruit by the keg, but they just let their duty slide—they do not spring an egg. My stock of coal is getting slim, and when for more I plead, the dealer says, with visage grim, "Your stand-off's gone to seed." But let the winds of winter blow! One thing I'm thankful for: I do not have to save the snow, that we may win the war.

HIGH SCHOOL PLAN MIXUP DISCUSSED

BOARD OF EDUCATION IN LONG SESSION

Some of Members Think Contract With Architect Royer Vitiated Because He Borrowed Plans After They were Accepted—Board Will Have Judge O. P. Thompson As Attorney.

According to announcement the board of education and others were guests of President J. P. Lippincott at supper provided by the domestic science class in the David Prince building Tuesday evening. Member Hopper was unable to be present on account of illness of some member of his family.

Mr. Royer, the architect of the proposed high school building, arrived on the fast mail train at one o'clock yesterday afternoon and spent the afternoon at the David Prince building ready to confer with any of the members of the board who might see fit to call on him and some of them did so.

The Story of the Plans

The meeting in the evening was attended by all the members except Member Black. President Lippincott in the chair. The call was read which requested the members to assemble to confer with Architect Royer regarding the plans and specifications and on motion of Member Pierson the call was enlarged to embrace any other business which might be brought before the board. The board decided to employ Judge O. P. Thompson as attorney to advise whether or not a contract is in effect between Mr. Royer and the board and also, too, in all legal matters represent the board.

In this connection it is proper to give a brief resume of the situation.

When the board decided to secure plans and specifications for a new high school building, they employed Mr. Holman as advisory architect and decided to have the award made by a jury composed of the members of the board, the superintendent and two architects. Plans were to be submitted each with a mark known to the owner but not to the jury who should know nothing of any competing architect and at the end the decision was in favor of the plans of Mr. Royer. The president was directed to inform him that he was the successful architect and ask him to come to Jacksonville and meet the board and discuss matters. The board adopted a program which should guide them. It provided that all the plans except those of the successful architect should be returned to the owners with \$200 each and the successful one should be notified that his plans were accepted which was done. The decision was made the latter part of September and the president duly notified Mr. Royer. That gentleman later sent word that he would be in Jacksonville on a certain day but failed to state the hour and the time was so near the president had no opportunity to know when he would be here and call a meeting of the board.

Plans Taken By Architect

The architect came and was met by the president and Mr. Perrin and said he desired to make some blue prints of the plans and took them back with him for the purpose. At the next regular meeting of the board which was soon after some one raised the question of the location of the plans and insisted that Mr. Royer had no right to take them away. He was notified of the fact and returned them at once. Since that time he has not been summoned to Jacksonville to meet the board until yesterday when he came and was at the meeting.

Mr. Royer was called for and said substantially that he was on hand to discuss the plans with the board and to make any changes desired. He had been ready for several months to come but had not been summoned before. He would be glad to answer any questions. He had been formally notified that he was the successful architect. It would take about sixty days to prepare specifications and after that from 40 to 60 days for contractors to get bids ready. His specifications would be printed and he would make probably 25 to 50 working plans in blue prints. A little more time for bidders is apt to get better terms.

Asked if he considered that he had a contract with the board he said he considered the terms of

the program settled that and he had been advised that he was the successful architect.

Changes Suggested

There were some slight changes suggested by the board which he wanted to consider and it was wholly customary to permit the architect to take the plans under such conditions. He was a successful man as he could demolish a structure and had done business with various boards in different states and had had no trouble. The secretary called attention to the program which said all plans should be returned except those of the successful architect which seemed that they should not be removed. The plans were removed Oct. 4th; the board met regularly the 7th and the plans and the architect were not present. The board had no knowledge of the removal of the plans and the matter seemed very strange.

Mr. Royer said an unjust emphasis had been laid on his actions. He was a fair man whom the board could trust. The original plans had not been touched a particle and had been promptly returned as soon as it was ascertained the board wanted them here. He felt he had adhered strictly to the program. He could have no possible motive for any alteration. The plans had been given him by Mr. Perrin whom he regarded as authorized to do so by the board and those could be made irregularly or underhanded business in it or violation of any contract.

Ask For Attorney

Member Parker said the board was much disappointed at not seeing Mr. Royer and the plans Oct. 7.

Member Duncan said, "let us see where we stand on this question of a fair deal in awarding this contract. There is no blame attached to Mr. Royer, but we must safeguard the interests of the people and should have the advantage of an attorney. We have an attorney on the board but he can't advise us what to do."

Member Rapp fully agreed with him on the subject and moved to employ an attorney.

The question of the cost was raised. It cost \$1,000 and there was nothing in the budget or treasury to pay it, and several members thought there was no need of any such action.

Mr. Royer said that it was not generally customary to employ an attorney under such circumstances and could hardly see the need of it, but the question was "did Mr. Royer vitiate his contract when he took the plans out of town?" There was a strong sentiment against the employing of an attorney, the program being very plain and Mr. Royer having been advised that he was the successful architect, and in any event it would seem as though the board would have to pay him his 5 per cent of the cost of the building under any circumstances.

The chair said that in the ordinary affairs like this he could hardly see the need of an attorney. The program laid down the conditions and Mr. Royer had been advised that he was the successful architect and had been ready for weeks to come and confer with the board but had not been requested to do so. And the mere fact that he had taken the plans out of town a few days to make some blueprints did not vitiate the contract. It was at the best a mere technicality and had nothing to do with the contract.

It was the opinion of several members of the board that if Mr. Royer's plans were not used they would have to be paid for. On the other hand, use of the opposite opinion said they wanted to be fair, but wanted to know where they were. Mr. Royer said that he could have been here the 9th or 10th of October and at any time since and had been waiting for a call to come. And he was unable to say why so much was made of the mere fact of the plans being out of town for a few days.

The President Explains

The chair said, "The selection of Mr. Royer's plans I think was fair and very appropriate. I want to notify him of the fact and that he should come to make a contract, and until that is done the program makes the acceptance of his plans a definite contract. You say you came to the meeting Oct. 7 expecting to meet Mr. Royer, but I did not tell you he would be here that day. He advised me he would be here a certain day but did not mention the hour. He came at one p. m., and by the time I found him it was too late to call a meeting. I told him I would call a meeting whenever he and the board desired. From that day to this I have tried to get the board and Mr. Royer together but without success. At one time I called a meeting and the secretary canvassed the members regarding it and advised Mr. Royer not to come. At another time I called a meeting and the secretary and four members were not present. At the last regular meeting a motion to adjourn was put thru and there was no chance to discuss the matter. It seems to me the attitude of the board has been one of refusing to consider the matter of meeting with Mr. Royer and discussing the plans with him, and a desire to set the contract aside."

The secretary said that she had canvassed the wishes of the board and that the majority said they did not want to meet Mr. Royer at the time set by the president and she had so notified Mr. Royer. Several motions to employ an attorney were made and withdrawn. Mr. Royer suggested that this might be a matter to be decided by the courts rather than by an attorney, as he had a regular attorney and had consulted him in the matter. Whereupon, several members remarked, "If he has an attorney, why shouldn't we?"

It seemed that Mr. Perrin was the one who had permitted Mr. Royer to take the plans and the gentleman was asked to explain. Mr. Perrin said that when the selection of the plans was under consideration by the jury the board was in the majority and virtually controlled the whole affair. Mr.

Royer's plans were accepted and the president was directed to notify him of the fact and to ask him to come to meet the board. At this point Mr. Perrin was interrupted and unable to finish his explanation during the meeting.

A Divided Vote

Finally after several changes a motion was made that the board employ an attorney to put in the right attitude the matter regarding the building of the new high school. Mr. Metcalf moved as an amendment that they add to the motion that Mr. Royer be declared the architect, but the amendment was lost. Ayes, Hopper, Metcalf and Rogerson. Noes, Pierson, Muehlhausen, Parker, Duncan and Rapp. The motion to employ an attorney was carried, those who previously voted No, voting yes, and vice versa. Then a motion was made to employ Judge O. P. Thompson as that attorney, and Metcalf and Rogerson voted No, others voting Aye.

Member Duncan said that several merchants had complained to him that a number of teachers were very dilatory in paying their bills and wanted to know if the board was paying salaries promptly, and it was stated it was. No action.

A motion was made to appoint members Duncan and Muehlhausen and the chair to wait on Judge Thompson and present the case, and ask him if Mr. Royer had vitiated his contract by taking away the plans. All along it had been admitted that a contract had been made with Mr. Royer, but the question was, was it vitiated by his removing the plans for a few days. The chair said he simply would not ask a lawyer any such question. It was too plain and evident.

Turning Back the Records

Considerable talk was indulged in regarding the manner in which the contract was awarded to Mr. Royer and it was claimed that the plans of Mr. Pierson had been misrepresented by the two architect members of the jury, and there might be a hitch there, but as the contract had been let it did not seem as though it could be brought up now.

Finally it was decided to make the whole board a committee to call upon Judge Thompson, Hopper, Metcalf and Rogerson voted No.

The secretary was directed hereafter to supply each member with a mimeograph copy of the minutes of all meetings ten days at least before the next meeting.

It was voted that Judge Thompson should be waited upon as soon as possible and Mr. Royer advised when the board would be ready to receive him.

On motion of member Pierson a rising vote of the rank was tendered to the president for his generous entertainment and supper. Adjourned.

REACH AGREEMENT SIBERIAN RAILROADS

WASHINGTON, Jan. 14.—An agreement for control of the trans-Siberian and Chinese eastern railroads by an international committee virtually has been concluded and Ambassador Morris at Tokio has been instructed by the American government to proceed to Vladivostok to participate in the working of details.

The international committee will be composed of one representative each of China, Japan, United States, Great Britain, Italy and the Omsk, Russian government in Siberia and will be under the presidency of the Russian.

The state department issued this statement: "The state department has been advised that an understanding has been reached in Tokio regarding the proposed restoration of the efficiency of the trans-Siberian railway including the Chinese Eastern railway and that the proposed plan will be submitted to this government thru the Japanese ambassador in Washington."

In brief the proposal is that there shall be an international committee under the presidency of a Russian. This committee to consist of one representative each of the following nationalities: Russia, China, Japan, United States, Great Britain, France and Italy. Under this committee there will be established two boards—first, a technical board on which Mr. Stevens will serve and second, a military board."

EXEMPTION BOARD NEWS

Anyone who imagines that all the work of the local board is done should visit the office. There Miss Genevieve Mount, as chief clerk, and Miss Helen Wyle as assistant, and Hugh Green adjutant, are found every day with desks almost buried with the documents which must be filed. Several arrangements of the 6,000 questionnaires on file have been necessary and the work required in accordance with the new regulations is still far from completed. Previously it was necessary to fill in only a part of the blank forms in questionnaires of men not in class 1. Now in order to complete the records for the government, it is necessary to go thru these questionnaires and insert additional information. These records of course are for any future use the government may have for the questionnaires and when the work of every local board has been completed the government will have at its disposition a wonderful summarization of the manpower of the country.

IMPORTANT BASEBALL MEETING HELD

Sensational Developments Unleashed in Week of Baseball Reconstruction—The Giants Change Hands.

New York, Jan. 14.—Sensational developments ushered in the week of baseball reconstruction work which began here today. The most important were: The New York National League Club, the long pending proposition in the major leagues was sold. Negotiations for the purchase of the St. Louis Nationals reached a stage where it appeared as though the property would soon change hands.

The major and minor leagues took long council and strengthened their hands for the battle for and against the elimination of the draft.

In its far-reaching effect the contest between the majors and minors was the outstanding feature of the day of conferences. Members of the big and little circuits were in session, formal or informal all day and late in the evening. While the magnates of both groups were chary of information regarding the progress being made it was evident that no common ground had been reached at a late hour tonight. The new International League thru its president, David Fultz, announced after a long conference that the consensus of opinion was still strongly in favor of the abolition of the draft and the league went on record to that effect.

So far as could be gathered from the individual expressions of the big leaguers they are not disposed to grant the demands of their little brothers but are adverse to compromising the question.

The attitude of the National League will be discussed at a meeting tomorrow afternoon.

At least two big clubs in the league are not satisfied with the plans mapped out for adoption within the next few days. Limitation of the club roster to eighteen players, restricted spring training periods and even the 140 game schedule will be discussed and efforts made to change tentative arrangements in these directions.

HOUSE PLUNGED INTO DARKNESS

WASHINGTON, Jan. 14.—By the flickering light of matches and candles and a lantern the house adjourned tonight half an hour earlier than they had planned. Due to a crossed wire outside the building, the house chamber was plunged into darkness while Representative Denison of Illinois was in the middle of a speech on the legislative, executive and judicial appropriation bill, which was under consideration.

Mr. Denison stopped in the middle of a sentence and for a minute there was a hub-bub as members called upon others for matches.

Watchmen groped their way into the basement, looking for candles and lanterns but only a few could be found.

"I move we adjourn," some one called from the darkness. Other repeated the motion which was carried, but not before floor leaders had secured an agreement for the house to meet an hour earlier tomorrow morning to make up for the lost time.

FORTY PLANS FOR A LEAGUE OF NATIONS

PARIS, Jan. 14.—Nearly forty different plans for a league of nations are now before the American delegates. Each has points of merit but many contain sections directly at variance with the ideas forming the bases of the other schemes. In order that inter-allied conference may benefit by all this matter it is to be laid before a commission created for the purpose.

So far as they have expressed themselves, the Americans, after a painstaking examination which is still in progress find nothing, it is declared, which endangers any American ideals such as the Monroe doctrine, for instance.

One point upon which the Americans will insist it is understood, is that whatever project is adopted it shall be included in the treaty which officially terminates the world war.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil you will find them by their olive color. Take one or two every night for a week and note the effect. The and the bad breath and all druggists

BULLETINS

PARIS, Jan. 14.—Col. Edward M. House has been slightly ill for the past few days. He was better today, however, and expects to be out again shortly.

SOUTH BEND, Ind., Jan. 14.—Reward of \$5,000 will be paid for the return of \$250,000 in Liberty Bonds, missing since January 4, and no questions will be asked, according to the announcement made by officers of the Studebaker corporation here tonight.

LONDON, Jan. 14.—A wireless despatch received from Lisbon announced the suppression of the insurrection. The despatch adds that the naval arsenal and the torpedo boat destroyer Giralda have been recaptured by the faithful troops.

WASHINGTON, Jan. 14.—The senate today passed a resolution authorizing the payment of a pension of \$5,000 a year and the extending of mail franking privileges to Mrs. Theodore Roosevelt. It now goes to the house.

GENEVA, Jan. 14.—(By the Associated Press)—Two thousand persons have been killed at Przemyśl by the Ukrainians according to a despatch to the Neue Freie Presse of Vienna, a copy of which has been received here. The Ukrainians have been bombarding Przemyśl for several days past by land and by air and conditions in the town are described as terrible. The gas and electric plants have been destroyed and there is no light in the town. Water and food also are lacking.

WARSAW, Monday, Jan. 13.—(By the Associated Press).—A program is reported to have taken place at Brodieschew, popularly known as the Jewish capital of the Ukraine the place deriving its title because of its all-Jewish population. The trouble is reported to have occurred as a result of an attempt of peasants to disarm militia which the Jews were organizing for their protection in all centers which they anticipated would be necessary when the Moscow government breaks up.

MADRID, Jan. 14.—Serious disturbances have occurred recently in Portugal, especially at Oporto, according to travelers who have arrived here from Portugal. Oporto was occupied by "Democrats" and guerrilla bands. Many were killed and wounded when the troops were sent to the town to restore order. The situation is reported to be most serious.

RETAIL CLOTHIERS OPEN CONFERENCE

CHICAGO, Jan. 14.—Conservative members of the National Association of Retail Clothiers who opened a peace time readjustment conference here today declared there will be no advance in the price of clothing for 1919. It was said that the same price levels of the fall of 1918 might be expected to be maintained.

Because of so many varying stories of clothing costs, Charles B. Wry, of Des Moines, secretary of the organization said a public statement to make the situation clear to the consumer will be issued tomorrow. One prominent manufacturer said there is no demand for new styles in men's clothing and that the numerous styles that have been in use will be continued with the military cut and belted models predominating.

JOHNSON SEEKS DISCHARGED PLAYERS

Washington, Jan. 14.—Ban B. Johnson president of the American League conferred with officials of the war department today relative to securing the early discharge from military service of baseball players now in France who are under contract with American League clubs in time to permit them to join the clubs during their spring training. While no announcement was made as to the result of the conference, it was understood that officials of the department are disposed to accelerate the discharge of the players as quickly as possible.

RELEASED FROM GERMAN CAMPS

Washington, Jan. 14.—Names of enlisted men of the American Expeditionary Forces released from the German prison camp at Rastatt and returned to France, were announced today by the war department as follows: Robert O. Clinefelter, Cold Water, Mich. Nick Diello, Spring Valley, Ill. Charles Hetzinger, Alton, Ill. Dan K. Landrian, 1896 Detroit Street, Flint, Mich. Frank F. Dougherty, Brooklyn, Iowa.

WILSON CONTINUES CONFERENCES

Paris, Jan. 14.—(B. A. P.)—President Wilson continued his individual conferences at Murat Palace today with British and French representatives. Their discussions are informal such as will be constantly held from now on. Those who met the president this afternoon included the British Prime Minister, Mr. Lloyd George and Andrew Bonar Law.

The president also received Dr. M. R. Vesitch, the Serbian minister to France and Madame Vesitch.

PRESIDENT BANQUETS U. S. DELEGATES

Paris, Monday, Jan. 13.—President Wilson gave a dinner this evening to members of the American peace commissions and its technical advisers including E. N. Hurley, B. N. Baruch, Herbert C. Hoover, and Vance McCormick. Col. E. M. House was the only absentee, being still too sick to leave his home.

U. S. ARMISTICE PARTY ON WAY TO TREVES

PARIS, Jan. 14.—The four American armistice representatives left today for Treves, where Marshal Foch is presenting the new terms to the German commission. The party consisted of Admiral William Sheppard Benson, chief of operations of the United States navy; Norman H. Davis, representing the United States treasury; Edward N. Hurley, chairman of the American shipping board and Louis P. Sheldon, who will represent Herbert C. Hoover, the American food administrator.

A report presented to the council having charge of carrying out the naval terms of the armistice stated, according to the morning newspapers that the interallied commission which visited Kiel and Wilhelmshaven discovered submarines under construction in which the enemy thought would be overlooked. The report and that the Germans contended they were entitled to retain possession of the underwater craft.

According to the report the discovery at Kiel and Wilhelmshaven led to the finding of other vessels and consequently the new terms of the armistice will require the surrender of all submarines already built and the destruction of those on the ways.

WHITE HALL TO HAVE WAR RELIC FOR PARK

Captured German Cannon or Field Piece to Be Donated as Result of Bill Introduced by Congressman Rainey—Will be Erected at Whiteside Park or on Soldiers' Monument Grounds.

White Hall, Jan. 14.—A captured German cannon or field piece is to be donated to the Town of White Hall, according to a bill introduced in the house of representatives by Congressman Rainey. The measure is known as House Bill 12714, a copy of which has been received by R. B. Pearce, secretary of the White Hall Soldiers' Monument association, and reads as follows: "In the House of Representatives, January 7th, 1919. Mr. Henry T. Rainey introduced the following bill, which was referred to the committee on military affairs and ordered to be printed, a bill authorizing the secretary of war to donate to the Town of White Hall, Illinois, one German cannon or field piece. Be it enacted by the senate and house of representatives of the United States of America, in congress assembled, that the secretary of war be and he is hereby authorized and directed to donate to the Town of White Hall, Illinois, one cannon or field piece captured by the American army from the forces of the imperial German government during the present war, or used by the American forces in action while at the front in Europe."

There is divided opinion as to whether the gun will be erected on Whiteside Park or on the soldiers' monument grounds. The move to secure this sort of a war relic was pushed through two sources, one unknown to the other, and the action of Mr. Rainey seems to be at the instance of all concerned in Washington.

Some weeks ago Mayor Boehm and Secretary Pearce imprompted Senator McCormick for such a donation from the government, and it seems that G. R. Adams has been working thru Congressman Rainey. Adams, therefore, gets the credit for what has been brought to pass, and what position he will take as to its location is problematical. Adams has long desired to see the improvements on the soldiers' monument grounds carried out, and at the same time he realizes that the proposed enlargement and improvement of Whiteside Park this spring justifies consideration of the park location. Either location is suitable and appropriate, and as far as the park is concerned there is strong sentiment for showing every possible consideration to the park as a mark of appreciation of the benefaction of Mr. and Mrs. Seth M. Griswold, donors of the park, and who are behind the present extension and improvement plans. Action in the matter will depend in no little degree of the attitude of the returning soldier boys, after they have all reached home and have had time to take a survey of matters. The park will probably be in shape for a gigantic reunion of the soldiers during the coming spring or summer.

Y. M. C. A. WORKERS GET AWAY WITH FUNDS

Paris, Jan. 14.—It has become known today that three Young Men's Christian Association workers are under arrest in Paris charged with defalcation of funds of the association. The men are George Schoeffel, former secretary of the chamber of commerce Rochester, N. Y.; the Rev. R. Atkins of Eagle Pass, Texas, and Mansfield, said to have been a former secretary of the Sailors' Union of New York City.

DESK CHASEL RE-ELECTED

Paris, Jan. 14.—Paul Deschanel was today re-elected president of the chamber of deputies when parliament convened for the new session.

When the two bodies assembled the deans of each presided. The senate re-elected M. DuBust, president over Justice de Seles.

WOULD PURCHASE CEMETERY IN FRANCE

Washington, Jan. 14.—Secretary Baker today submitted to Chairman Dent of the house military committee a bill to authorize purchase of land in France for a military cemetery to be designated "The American Field of Honor." Soldiers, sailors and marines would be buried there unless their relatives otherwise request.

Health and Happiness

Women of today seem to listen to every call of duty except the one that tells them to guard their health. In duties, church duties, war activities, and the hundred calls for charitable enterprises soon lead women to nervousness, headaches, backaches and female troubles as inevitable result.

Philadelphia, Pa.—"I was very weary, tired, my back ached, and I felt lost of the time. I went to a doctor and said I had nervous indigestion, which, to my weak condition, kept me worrying of the time—and he said if I could not that, I could not get well. I heard so about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try. I took it for a week and felt a little better. I kept it up for three months, and I feel and can eat anything now without distress or nervousness. Health and happiness, yes, I have both now."—Mrs. J. W. Worrum, 2342 North Taylor Street, Philadelphia.

The majority of women nowadays, there are so many demands upon their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—soon more serious ailments develop. Avoid them by taking in time

NO CHANGES MADE IN GRAND CIRCUIT

Membership of Association Same as Last Year—Schedule for Coming Season Arranged.

Philadelphia, Jan. 14.—No changes were made today in the membership of the Grand Circuit at the annual meeting of the Grand Circuit stewards association and all light harness meetings of the organization will follow the same sequence as last year. Peoria, Ill., was an applicant for a place on the Big Line but it was regrettably refused, it was announced today. All the old members asked for their same dates. It was stated by Secretary W. N. Kennan and to grant the Peoria application would have disarranged the circuit. The schedule for the coming season is as follows:

North Randall, July 7 to 12.
Kalamazoo, July 14 to 19.
Toledo, July 21 to 26.
Columbus, July 28 to Aug. 2.
North Randall, Aug. 4 to 9.
Philadelphia, Aug. 11 to 15.
Poughkeepsie, Aug. 18 to 23.
Readville, Aug. 25 to 30.
Hartford, Sept. 1 to 6.
Syracuse, Sept. 8 to 13.
Columbus, Sept. 15 to 27.
Lexington, Sept. 29 to Oct. 11.
Atlanta, Oct. 13 to 18.
Any member advertising a race to carry a certain purse and then fails to arrange such an event is to be expelled from the circuit and compelled to pay a fine not exceeding \$500, the stewards decided. All old officers were re-elected.

SHELDON DIES FROM INJURIES

New York, Jan. 14.—George R. Sheldon, financier and former treasurer of the Republican National Committee, died today at Carbondale, Ill., of injuries received in a mine accident recently near that city.

Word of his death was received at his office in this city, of which he was a life long resident.

Receives Letter From
Fred Schell.

Miss Blanche Scovill has received the following interesting letter from Fred Schell, Base Hospital No. 28, Limoges, France. He gives a graphic account of the sea voyage and land trip also.

Limoges, France.
December 12, 1918.

Dear Blanche, I received your most welcome letter today and was more than glad to hear from you.

Well things are going about the same as ever. Haven't noticed any difference since the war is over, but I guess things will begin to move around here before long. You know it don't take Uncle Sam long to make things move fast. I don't think it will be long before the big machine will be reversed and we will be coming back lots faster than we came over here and I hope that will be soon. The longer I stay here the more I dislike this place. It wasn't so bad while the war was going on, but since it is over the time sure goes long.

It is just six months ago today we left New York and it seems like it has been six years.

I am going to try and tell you a little about our trip over here:

We left Camp Merritt, June 11, went to the dock and got on the boat or ship. We stayed there till the next morning and then we started on our long journey for over here. Magantic was the name of the ship we were on and it was an English boat. When we

guess we were way up north for a day or two from the way the weather changed. Gee, I sure was tired of the trip. I thought that we never would get to land. We had plenty to eat on the boat if it had been half cooked, but they just threw it all together and they didn't half cook it like made up the grub just about like slop. It smelled so bad in the mess hall that I couldn't eat much. I stayed on deck all the time only at night when they run us down.

On the eleventh day I got up in the morning and went up on deck and to my surprise I could see land again. It was the Irish Coast and if you believe me I sure did look good to me. I was so glad to see land that I didn't eat breakfast. By that time we had about fifty submarine chasers and mine sweepers all around us. It looked like they were ready to make sauer kraut out of a sub, if any showed up. All the boys stayed on deck watching these little boats running all around us.

The Coast of Ireland and the Coast of Scotland on the other side sure was the most beautiful scenery I ever saw. We could see the hills and green fields and everything was laid off so even. I believe it was the most beautiful scene I have seen since we left the states. There is lots of pretty scenery over here but it is nothing like that was.

Well, we traveled all that day along the coast and of course we didn't notice the time we were so busy watching the beautiful scenery on both sides of us. We got in Liverpool about ten o'clock at night. There were thousands of bright lights all around us; it sure was an interesting sight. We were allowed to come up on deck and smoke as soon as we got to Liverpool. There we went back down and went to bed.

We went for miles thru a canal in England and saw all the big ship-yards and thousands of big ships and boats of all kinds and sizes before we got to Liverpool.

We got off the boat about noon and loafed around the dock and took a hike around thru the town till about five o'clock that evening then we went to the depot. Of course we were alone after we got off the boat, all the other companies left us and went some other place as soon as we got off the boat. I don't know just how many came over in our convoy, but I guess there were about fifty thousand altogether. Our boat had about three thousand on it alone and I guess the other twelve had about as many as our boat. They all were as big and some of them were larger.

At five o'clock that night all the other boys were gone and our little company of two hundred was all that was left there. We stayed in Liverpool till one o'clock in the morning, then we got on the train and went to Southampton, England, to a rest camp. We stayed around there for three or four days and then we hiked down to the docks and loaded on a boat again. We got our stuff all loaded on the boat and of course, there were lots of other soldiers loading on the same boat. This was in the English channel. The tide came up about five o'clock that evening and we began moving. We sure did go fast on that boat. I stayed on deck and watched the other boats till we got out where we couldn't see anything but water.

They sure had that boat jammed with soldiers. We stood up all night and by daylight the next morning we could see land again. We soon realized that we were seeing France.

We finally got squared around and got off the boat. We were then in Cherbourg, France and as soon as we got off the boat we hiked for several miles to an English rest camp and got there in time for dinner, but it sure was a poor one. As soon as we got something to eat we found a place where we could take a bath. And that made a fellow feel new again. They stayed there till about three o'clock in the morning then we got up and ate a little hard tack and bully beef and then started back on the same hike we took to get out there. It sure was a long one and our packs got pretty heavy before we got back to Cherbourg.

We got on a freight train and it said on the cars "Eight horses or forty men." It was in French but that is what it meant in English. The cars were all freight cars and about one fourth the size of ours. They looked like baby buggies at the side of our freight cars. We certainly were crowded. Then we started and rode this way for three days and nights. We were piled on top of each other when we laid down

at night. We didn't get much sleep that way. We had bully beef and hard tack to eat while we were on the train. We got to Limoges July the second and came on out there where we are now.

Well, I guess I will have to close for this time. Will try and tell you some other places we were in some other time. Hoping you have a Merry Christmas and a Happy New Year.

Yours as ever,
Pvt. Fred Schell.

MANUEL DARUSH WRITES.
December, 14, 1918.
Somewhere in France.

Dear Father: I will try and write a few lines to let you know I am still numbered with the living and am in the best of health and enjoying life.

I have been almost all over France since I arrived over here and have seen some of the hardships which a soldier sees in time of war.

I am glad that the war is over for the hardships have ended and that's not all that I am glad for the biggest reason is that we will be at home very soon, by February anyhow.

We had a regimental review this morning which pleased the old colonel very well for it had been a long time since we had a review. He told us we would sail for home on January 19 or maybe sooner.

I had a letter from brother a few days ago and he said that he was well and having a good time and also liked the country fine. Suppose he likes the country better than I do for I am anxious to leave for good old U. S. A.

Father, I left the harbor for France on Aug. 6 and was transferred to F. Co., 52, and went in the trenches with F. Co., which I am glad to be with for it is the best Co. in the regiment.

We were in Alsace for a while and then went to the Argonne forest to take a hand in that drive that the armistice was signed before we got a chance to get a few boches altho we saw several dead Germans piled along the road also got close enough to see the Yanks advancing on some machine guns it didn't take them long for to wipe them out. Then they could go for a long ways without much fighting.

We had some hike about thirty-two days, believe me I was glad when it was over.

I am located at a little village by the name of Bay now, but won't be here many days until we go to Bordeaux to wait transportation across.

Well Father, as paper is scarce I guess I will close for this time wishing you a merry Xmas and a happy new year.

ANDRE BROTHERS HOME FROM GRAND RAPIDS

Attended Banquet Given by Grand Rapids Furniture Salesmen Association—Address by Editor of Grand Rapids He Held.

Messrs. H. M. and G. B. Andre have returned from Grand Rapids, Michigan where they attended a banquet given by the Grand Rapids Furniture Salesmen association at which 1,200 furniture dealers as guests sat down and had a wonderful evening of mirth, eloquence, eating and good cheer generally. The principal feature of the evening was a speech by Arthur S. Vandenberg, editor of the Grand Rapids Herald. His theme was "Forward March" and it was masterly effort. He said the United States was now on the threshold of the greatest prosperity and business expansion it had ever known if only the people were ready to seize the opportunity. I will take courage, grit, industry, faith and energy with good management to accomplish the grand result but it is within our grasp. He made the astonishing statement that if all nations bought as much United States furniture as far away Iceland the export trade would be multiplied fifteen fold.

In 1918 the balance of trade in our favor was three billion, ten times as much as in 1910 and while it largely consisted of munitions of war it should be largely continued with munitions of peace. J. P. Morgan said if you want to go broke be a bear on America and Charles Schwab has said "Be a bull on America." The war is not over for us until we have discharged every obligation incurred by the war. We must subscribe to the full the next liberty loan even to the tune of five billions for our brave boys did much more than that.

He especially aroused his audience when he said the war had wiped out all sectional lines and made the country one. Again he aroused them when he said "as the war has made the world safe for democracy we must make America safe for Americans only. A tribute to Col. Roosevelt was heard with bowed heads and greatest feeling.

On the way back the Messrs. Andre attended the great exhibit of furniture manufacturers where orders were taken for goods.

With Straw Spreading Attachment

This simple attachment spreads all kinds of straw—does a real job. Spreads it uniformly, heavy or light, as you desire. It has this big advantage—it handles perfectly the heavy, partly rotted straw found in the bottom of straw stacks. One man can load and operate it. Only two levers—one lever puts both beaters in and out of gear, the other regulates the quantity. To spread manure take off the Straw Spreading Attachment—a thirty minute job for one man; and you have the regular John Deere Spreader. If you have no straw to spread at this time, get a John Deere Manure Spreader now and the Straw Spreading Attachment when you need it. This attachment can be furnished for all John Deere Spreaders now in use.

Stuart's Dyspepsia Tablets Digest the Food, Prevent Sourness and Make You Feel Fine All Over.

If you feel any distress after eating take a Stuart's Dyspepsia Tablet. You will then have a good, steady friend in your stomach. For no matter what you eat there will be no gas, no sour risings, no lump in your throat, no biliousness, no dark brown taste in the morning. And should you now be troubled, eat a tablet as soon as possible and relief will come promptly. These tablets are correct at once the faults of a weak or overworked stomach, they do the work which the stomach rests and recovers itself. Particularly effective are they for banquets and those whose environment brings them in contact with the rich food most apt to cause stomach derangement. Relief in these cases always brings the glad smile. Get a box of Stuart's Dyspepsia Tablets, 50 cents in any drug store. Be good to your stomach.

WATER SUPPLY PLAN GIVEN IN OUTLINE

Purpose of City in Connection with Proposed Reservoir Explained to Department of Public Welfare.

Brief mention was made yesterday of a recent communication sent to the department of public welfare by Mayor Rodgers, writing for the joint water supply committee of citizens and city officials. The water committee included Mayor Rodgers, Commissioners Martin, Vasconcellos, White and Widmayer, Dr. J. R. Harker, Dr. Carl E. Black, M. R. Chapin, M. R. Fitch, J. W. Merrigan. The work of investigation whereby it was determined that the South Maunaville afforded the best opportunity for a reservoir was made possible by the fact that a group of citizens guaranteed an expenditure of \$6,000. The investigation, it will be remembered, was made by engineers from several state departments and continued for a series of months. The names of the guarantors for the fund mentioned were as follows:

H. J. Rodgers, W. F. Widmayer, J. Edgar Martin, Jerry Cox, Joshua Vasconcellos, Dr. J. R. Harker, Dr. Carl E. Black, M. R. Fitch, J. W. Merrigan, T. A. Chapin, W. L. Fay, M. F. Dunlap, W. A. Jenkinson, W. H. Cocking, Dr. Edward Bowe, Harry M. Capps, F. A. McCarty, O. F. Griffin, F. E. Farrell, Thos. Worthington, J. G. Ames, A. Wehl, O. H. Hoffman, Chas. H. Ward, A. C. Rice, Dr. Josephine Milligan, G. B. Andre, G. B. Sieber, Fletcher Hopper, Harry B. Brady, F. J. Andrews, John J. Reeve, Frank J. Waddell, E. H. Gray, J. W. Walton, Dr. W. P. Duncan, E. E. Crabtree, A. C. Metcalf, Dr. C. H. Rammelskamp, Miller Weir, Henry Frisch, J. F. Claus, Chas. T. Mackness, W. H. Rogers, H. M. Andre, Frank H. Bode, Chas. Hopper, C. F. Doying, W. E. Hall.

The letter in which Mayor Rodgers summed up the situation for the welfare department was in the following language:

Plans Reviewed.
Jan. 10, 1918.
Department of Public Works and Buildings.
Charles L. Thorne, Chairman,
Springfield, Illinois.
Gentlemen:

About two years ago the City Commissioners and citizens of Jacksonville, looking toward a permanent water supply for the City of Jacksonville, formed a Citizens' Committee of five who in conjunction with the Commissioners, composed a special Water Committee. This water committee has had numerous meetings and provided \$6,000 in funds which was guaranteed by fifty citizens of Jacksonville, Ill., to pay the necessary expenses of borings and tests for water under the supervision of the State Water Survey of Champaign, Ill., headed by Dr. Edw. Bartow and assisted by G. O. Harbermeyer. Under the instructions of the State Water Survey, we made numerous borings for water to ascertain the extent of gravel beds and the Water Survey made frequent pilgrimages over Sandy Creek bottom, south of Jacksonville, Little Indian Creek, north of Jacksonville, and the north branch of the Maunaville and the south branch of the Maunaville.

After more than a year's investigation and research, the Water Survey, through Mr. Harbermeyer, recommended the use of the south fork of the Maunaville for an impounding reservoir. After preliminary surveys by the engineers Pearce & Greco, sanitary and hydraulic engineers of Chicago, Ill., whom the city council and joint water committee employed to make and prepare the necessary plans and specifications for a dam and spillway and a filtration plant, their decision was that the dam and spillway and filter should be located in the south impounding station of the city of Jacksonville upon the fifty-eight and a half acres of land belonging to the State of Illinois. The estimate of the cost of the dam, spillway and filtration plant as prepared by them was \$75,100 for a 20-foot dam and a 15-foot spillway. The City Council immediately upon the filing of this report, passed an Ordinance calling for election to submit the question on issuing \$75,000 worth of water extension bonds (this was the largest amount that the city can

issue with the present city indebtedness and within the five percent limit.) The bond issue carried, which provided the fund carried, which provided the fund to build the dam upon. The 14-foot of water depth at the spillway would cause the water to back up and cover some 228 acres of water surface, making a reservoir that would contain some 420 million gallons of water which amount together with the Morgan lake capacity additional would make some 455 million gallons. According to the present water consumption of Jacksonville, Ill., this would be enough to run the city a year practically when full, if it didn't rain at all. We have procured most of the options on the necessary overflowed lands and some 150 feet additional land outside of the high water level, making a total acreage of some 300 acres of land outside of the 53 1/2 acres belonging to the State of Illinois.

Asked for Lease.

Some time in August or September we applied to you for a lease to the land belonging to the State of Illinois, which upon investigation by the attorney General, you could not as a Board make a lease for over two years, which you very kindly did; but a lease for two years is not sufficient to justify the construction of a dam and spillway upon the State ground, nor would it justify the financing of some 300 acres of submerged land which was necessary. We came to you now asking your co-operation with the State Legislature, to prepare an Enactment with an emergency clause which would authorize the Board of Public Welfare to execute a deed to the City of Jacksonville, conveying the Lots Three (3), Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), and Twelve (12), and that part of Lots Two (2), Four (4), Five (5), and Six (6), lying east of the center of the Chicago & Alton Railroad Company's Right of Way, all in Block Eleven (11), in Lorton & Kedzie Addition to the City of Jacksonville, Illinois, except one (1) acre off the north ends of Lots Three (3), and that part of Lot Two (2) above described.

It will be necessary for the City of Jacksonville to have control of said lands in the construction, maintenance and operation of said Water Works System; and as the State of Illinois is desirous of aiding in every way possible the City of Jacksonville in obtaining an unlimited supply of wholesome water for the use of the City of Jacksonville and its inhabitants, including the State Institutions located in said city, now therefore in consideration of the conveyance aforesaid the City of Jacksonville hereby agrees to furnish all water required and ordered by the State Institutions in the City of Jacksonville at the same rate as is charged by the City to railroad companies or other public service corporations, or for manufacturing purposes. In further consideration of said conveyance, the City of Jacksonville agrees to pay to the State of Illinois the sum of Three Hundred Dollars per year, the same to be paid in monthly installments of Twenty-five Dollars (\$25.00) by crediting same upon and deducting it from the water bills rendered monthly to the Jacksonville State Hospital for water furnished to that institution by the City of Jacksonville.

This we think covers the conditions as stipulated in the Leases you submitted and as arranged with the City Commissioners by Mr. Whipp. We have the detailed plans and specifications prepared and in hand for the dam and spillway. The detailed plans of the necessary water filtration plant are under preparation. We are ready to advertise for bids for the construction of the dam and spillway at once. Therefore we ask your cooperation in securing from the Legislature as an administrative measure thru the Board of Public Works for the construction and protection of the State Institutions in Jacksonville, an Enactment authorizing you to convey this land with an emergency clause so that the work of construction may begin at the earliest possible moment. The action of the Legislature is the key to the situation at this time and should be procured without delay.

I might add here that this impounding reservoir will have a water shed of twenty-four square miles which flows from the southeast to Jacksonville, which assures an abundance and fresh supply of water continuously and absolutely pure when filtered.

If desired by the Board of Public Works, we have the detailed plans and specifications and findings of the engineers and the State Water Survey, also contour maps showing the amount of land covered by the water. We hope that we may have quick response and action in this matter, for the mutual benefit of the State and the City of Jacksonville.

Very respectfully yours,
H. J. Rodgers, Mayor.

P. S.—I would refer you to an Act entitled "An act to Authorize the Trustees of the State Hospital for the Insane at Jacksonville to Sell and Convey, etc., to the City of Jacksonville, etc., passed and approved Feb. 14, 1874." Apparently this Bill was also passed with the emergency, by being approved in February, a matter we wish to be done at this time if possible, in the early part of February.

J. W. WOODALL DIES IN SCOTT COUNTY

Well Known Resident Dies There from Influenza—Funeral of Joseph Peak Held—News Notes.

Winchester, Jan. 14. — James William Woodall passed away at his late home Sunday night about 12 o'clock as a result of influenza. He was thirty-seven years old and is survived by his wife and three children. The second son is now very ill with influenza. The family live five and one-half miles southeast of Winchester. The deceased is survived by the ones already mentioned, together with his mother, Mrs. Ella Woodall, and a number of brothers and sisters. The funeral will be held Wednesday afternoon at 2 o'clock at Winchester cemetery. The deceased had spent his entire life on the home place and was a substantial farmer and well esteemed in the community.

The funeral of Joseph Peak took place Tuesday at 1:30 o'clock at the home of his parents, Mr. and Mrs. Samuel Peak. The service began by the singing of a solo, "Sometime We'll Understand," by Mrs. Gertrude Demereth. Following the reading of a scripture lesson by Rev. W. B. Johnson, Mrs. Demereth sang another solo, "Beautiful Isle." At the close of the service "Nearer My God to Thee" was sung. The flowers were in charge of Miss Gladys Boston. The bearers were Linton Coultas, Roy Schell, Joseph Montgomery, Joseph VanMeter, Fred Boston and Roy Hamilton. Interment was in Winchester cemetery.

Mrs. J. E. Coultas has returned home from Huntingdon, Ky., where she was called by the illness of relatives.

Mrs. James Beddingfield of Roodhouse was a visitor here Tuesday.

P. C. Taylor who has been in south for several months, is here for a visit with his family.

Miss Lillian Sibert was able to be down town Tuesday after quite a severe illness.

A message was received by Mrs. Charles Jefferson from her husband from Quantico, Va., that he has received an honorable discharge from the army service. Mrs. Jefferson, with her mother, Mrs. Charles Sibert, left on the early train for St. Louis, Wednesday. Mrs. Jefferson will leave for Washington, where her husband will join her and they will make a visit there before returning home.

THE FREE KINDERGARTEN

The Jacksonville Free Kindergarten resumed work at the same time as the city schools after a long enforced vacation. Extra sessions are being held on Saturday and the teachers are making up the lost work and time. This worthy enterprise is short of funds and at a recent meeting of the board plans were discussed for replenishing the treasury. A great many people in Jacksonville are familiar with the good work the kindergarten has done thru a series of years, so that it is only reasonable to suppose that the board will not have a great deal of difficulty in securing whatever support is needed.

WAR MOTHERS MEETING

The Morgan county chapter of the War Mothers of America will hold a regular meeting in the public library Thursday afternoon January 16 at 2:30 o'clock. A full attendance is requested.

PLANNING FOR NEW ERA MOVEMENT

Rev. Marion Humphreys Will Explain Work To The Various Churches.

A committee representing the Springfield Presbytery in the New Era movement is sending to churches thruout the district some facts about the movement. A recent message from the general assembly said that the New Era movement is assuming unexpectedly large proportions and that great enthusiasm is being manifested by the churches in preparation for a great forward movement spiritually and financially. Church authorities realize that days of reconstruction are at hand and they are preparing themselves accordingly.

As already stated, this reconstruction program which the general assembly and other organizations have worked out covers a five year program of reconstruction work. In order to give the churches a clearer and more intimate idea of what the work is, Rev. Marion Humphreys, pastor at large of the presbytery, will visit every church in the presbytery within the next twenty days. By means of a chart and statement Mr. Humphreys will explain the work proposed and will also give some facts about the Chicago New Era Workers' convention which is to be held in Chicago Feb. 11 and 12. The date of Mr. Humphreys' coming to Jacksonville has not yet been announced but local churches will be given information in time to provide for their hearty co-operation.

At a meeting of the executive committee of the woman's presbyterial societies, held in Springfield Monday, a resolution was passed heartily recommending that the missionary societies of the local churches co-operate in the New Era program.

BRIEF PARAGRAPHS
FROM LITERBERRY

Rev. Mr. Smith of Greenfield Preached at Baptist Church—News Notes.

Literberry, Jan. 13.—Rev. Mr. Smith of Greenfield, filled his regular appointment at the Baptist church Sunday morning and evening. The morning text was from John, 6:68. "To Whom Shall We Go?" The text for the evening was: "Watchman What of the Night?" Isaiah, 21:11. "The night is far and spent, the day is at hand." Romans, 13:12. Brother Smith preached two good sermons from these Bible verses. There was held an election of Sunday school officers on Sunday morning with the following persons elected:

Superintendent — Mrs. John Guy.

Assistant Superintendent — Mrs. Earl Rexroat.

Secretary — Miss Amanda Hixon.

Treasurer — Miss Edith Scribner.

Librarian — Miss Eleanor Guy.

Two Pianists — Mrs. Earl Underbrink and Mrs. J. M. Daniels.

Chorister — J. E. Underbrink. The Literberry young people went to Taylor Henderson's pond Saturday night and had a fine time on the ice. This was a real skating party. They went, some on a hay wagon, others in Ford cars, buggies, and some on horse back. A big fire was built in a sheltered corner of the yard and a splendid lunch was served. Everybody had a fine time. There were about fifty persons in the party.

Mr. and Mrs. Clarence Hopkins will move to Jacksonville this week.

Mrs. Lula Henderson has gone to Carrollton to fill a vacancy at the telephone office. Miss Lora Petefish has taken her place at Literberry.

Mr. and Mrs. Aaron Petefish and children of Broneau, Vernon County, Missouri, arrived at Literberry Sunday morning for an extended visit with friends and relatives.

Arthur Litter of "Oakdale Farm" is delivering corn at Literberry.

Mr. and Mrs. Walter Roach of North Prairie visited Mrs. Nettie Scribner and family Sunday.

Mrs. L. A. Barr of Virginia made a present of a very nice cane to D. K. McCarty last Tuesday.

"DON'T FORGET" that our Annual Red Tag Sale starts next Saturday morning. RABJOHNS & REID

HAROLD MASON HOME

One of the latest arrivals of discharged soldiers is Harold Mason of Alexander who arrived home a day or two ago from overseas. He is looking fine and speaks well of treatment. He belonged to Battery B, 38th Division Field Artillery. He spent some time in France, but was disappointed in not getting to the firing line. Next time there is a war with Germany he hopes to have something to do with it at closer range.

SCHOOL OF FARM ACCOUNTING HELD
J. W. Watson of Urbana and County Agent Kendall Talked to Franklin Farmers—Will Hold Meeting at Murrayville Today and Concord Thursday.
J. W. Watson of the College of Agriculture of the University of Illinois at Urbana and County Farm Advisor George Kendall held a school of farm accounting at Franklin Tuesday afternoon.
The Farmers Insurance Company of Franklin was holding a meeting in Franklin yesterday and those in attendance asked both the visitors to address them just before the noon hour. Following the addresses they took the visitors to the M. E. church for the annual dinner of the Farmers' Insurance Company, which was served by the ladies of the church.
After the afternoon session of the company the meeting was turned over to the school of farm accounting. The farmers present readily took hold of the work as outlined by Mr. Watson and could easily see its value in farm management.
This afternoon Mr. Watson and Mr. Kendall will address the farmers of Murrayville in the town hall and on Thursday afternoon will hold a session in Concord.

ALL DAY MEETING.
The Ladies Aid Society of State Street Presbyterian church will hold an all day meeting at the church Thursday.
MRS. WATSON OF DETROIT
Was Weak, Tired All the Time—Made Perfectly Well by Vinol Detroit, Mich.—"I got into a weak, run-down condition, no appetite, tired all the time and headaches—but had to keep around and do my housework. I read about Vinol and tried it—within two weeks, I commenced to improve, and now have a splendid appetite and feel stronger and better in every way."—Mrs. John F. Watson.
There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates, the oldest and most famous strength creating tonics. For sale by all druggists.

What Does Testing Mean?
"Testing" means finding specific gravity of battery solution by measuring it with the hydrometer.
The test is simple, but of utmost importance because it is the only means of telling whether your battery is being kept in condition by proper charging or weakened by starvation.
Testing is an important part of the service that you as a user of a Willard Storage Battery are entitled to receive. We will make the test for you or show you how you can keep tab on your battery by testing it yourself every week or two.
When you come for your next test ask for the booklet, "A Mark with a Meaning for You."
We test, repair and recharge batteries, and always carry a full supply of battery parts, new batteries and rental batteries.

BRYAN COONS VISITS FATHER
Bryan Coons of Toledo has re-
ceived his honorable discharge
from the service of the country,
having served at Camp Sherman,
Camp Hancock and other places
in the aviation department. He
had started across the ocean and
when the troop ship was three
days out the armistice was signed
and a wireless brought them
back. The young gentleman is in
the automobile business in Toledo
and is visiting his parents.
"Squire John M. Coons and wife

REV. J. G. KUPPLER OUT AGAIN.
Rev. J. G. Kuppler, pastor of
Salem Evangelical Lutheran
church, is able to be out again
after his operation tho he has not
fully recovered his strength but
is fast getting stronger. He es-
pecially desires to express his ap-
preciation of the manner in
which he was treated while a pa-
tient at Passavant hospital. All
possible was done for his com-
fort both intelligently and kindly.

J. HERMAN RETURNS.
J. Herman has returned from
a purchasing trip to Chicago. He
found a great many attractive
things for both departments of
his establishment.

**WEAKNESS REMAINS
LONG AFTER
Influenza**

**Reports Show That Strength
Energy and Ambition Re-
turn Very Slowly to
Grippe Patients.**

After an attack of influenza,
doctors advise that nature be as-
sisted in its building-up process by
the use of a good tonic—one that
will not only put strength and en-
durance into the body, but will
also help to build up and strength-
en the run-down cells of the brain.
One of the most highly recom-
mended remedies to put energy in-
to both body and brain is Bio-
feren—your physician knows the
formula—it is printed below.

There's iron in Bio-feren—the
kind of iron that makes red blood
corpuscles and creates vigor.
There is lecithin also; probably
the best brain invigorator known
to science. Then there is good
old reliable gentian, that brings
back your lagging appetite.

There are other ingredients
that help to promote good health,
as you can see by reading this
formula, not forgetting kolo, that
great agent that puts the power
of endurance into weak people.

Taken altogether Bio-feren is a
splendid active tonic that will
greatly help any weak, run-down
person to regain normal strength,
energy, ambition and endurance.

Bio-feren is sold by all reliable
druggists and is inexpensive. For
weakness after influenza patients
are advised to take two tablets
after each meal and one at bed
time—seven a day, until health,
strength and vigor are fully re-
stored.

It will not fail to help you and
if for any reason you are disas-
tured with results your druggist is
authorized to return your money
upon request—without any red
ape of any kind.

Note to physicians: There is
no secret about the formula of
Bio-feren, it is printed on every
package. Here it is: Lecithin;
Kludgen Glycero-phosphates; Iron
Peptonate, Manganese Peptonate;
Ext. Nux. Vomica; Powdered Gen-
tiana; Phenolphthalein; Oleanthin.

Lee P. Allcott Says
After each meal—YOU eat one
EATONIC

For Your Stomach's Sake

Get full food value and real
stomach comfort. Instantly re-
lieves heartburn, bloated, gassy
ceiling, STOPS acidity, food re-
peating and stomach misery.
AIDS digestion; keeps the stom-
ach sweet and pure.

EATONIC is the best remedy
and only costs a cent or two a day
to use it. You will be delighted
with results. Satisfaction guar-
anteed or money back. Please
call and try it. Lee P. Allcott,

**'AT A TABLE! STOP
DYSPEPSIA AT ONCE**

Pape's Diapepsin Instantly Re-
lieves a Sour, Gassy or Acid
Stomach.

When meals hit back and your
stomach is sour, acid, or you feel
all and bloated. When you have
heavy lumps of pain or headache
from indigestion. Here is instant
relief!

Just as soon as you eat a tablet
or two of Pape's Diapepsin all the
dyspepsia, indigestion and stom-
ach distress ends. These pleas-
ant, harmless tablets of Pape's
Diapepsin never fail to make up-
set stomachs feel fine at once, and
they cost very little at drug stores.

**LACK OF LEADERSHIP
ON STOCK EXCHANGE**
NEW YORK, Jan. 14.—The
same lack of leadership or ini-
tiative which has influenced op-
erations in the securities market
since the signing of the armistice
and the more uncertain status of
the railroads was again in evi-
dence today. U. S. Steel regis-
tered an extreme advance of 1 1/2
to 92, but this gain was lost in
the final hour when Bethlehem
Steel and Baldwin Locomotive
were under pressure. Gross gains
of 1 to 1 1/2 points in Sinclair Oil,
Pan American Petroleum Trans
company and Mexican Petroleum
suffered material reductions. The
few issues that reflected more
than casual support included to-
baccos, Great Northern Ore, and
several of the inactive high priced
rails. Sales amounted to 375-
000 shares.

Trading in bonds fell to less
than half of the preceding day's
large turnover but the trend ex-
cepting in Liberty issues which
continued heavy, was in the di-
rection of improvement, notably
in the foreign division. Total
sales aggregated \$10,750,000.

**HEAVY SELLING
MOVEMENT IN CORN**
CHICAGO, Jan. 14.—Asser-
tions that the British government
had cancelled large contracts
with Canadian packers started a
heavy selling movement today in
the corn market here. Chiefly as
a result closing prices altha unset-
tled, were down 1 1/2 to 3 cents
net.

Oats lost 1 1/2 to 1 5/8. In pro-
visions the finish ranged from
\$1.00 decline to a rise of 25c.
Before the selling of corn as-
sumed unusual proportions the
market had an upward swing in-
duced mainly by heavy approval
of the bill to provide \$100,000-
000 for food supplies to send to
Europe. The removal of a New
York railroad embargo tended also
to stimulate buying. Just prior
to the close a Canadian ex-
porter telephoned denying that
any Canadian order had been
cancelled by England. Much cov-
ering by shorts failed.

Oats merely swayed with corn.
Provisions ruled irregular.
May pork and ribs underwent
sharp setbacks. Lard made gains.

ATTENTION! NURSES!
"We are through fighting the
Germans! Let us now fight the
Germans!"

Every nurse in our county
should fill out a questionnaire and
return it promptly and should
make sure that other nurses she
knows, whether trained, semi-
trained, practical or practical at-
tendant, should receive and re-
turn these blanks immediately.

No obligation for service is in-
volved by the registration. It is
a patriotic duty to your country
and community to enroll yourself
among the women of America who
are caring for the sick.

Nurses who have not received
questionnaires may register at
Red Cross Headquarters from
9:30 to 12:00 A. M. and 2:00
to 5:00 P. M.

OBITUARY
Marie Katharine Elise Aring
whose maiden name was Rebbe,
wife of Albert Aring, was born
Oct. 20, 1893, near Exeter, Ill.
She entered the holy state of mar-
riage with Albert Aring on Oct.
2nd, 1918.

She died last Tuesday evening,
at 10 o'clock of influenza, compli-
cated with heart trouble and
pneumonia at the age of 25 years,
2 months and 17 days.

Mamie, as everyone loved to
call her grew to womanhood near
Exeter, Ill. She was a member of
the Evangelical Lutheran church at
Neelyville having accepted the
Master as her Savior in early
childhood.

The deceased was of a loving
disposition, always ready to lend
a helping hand when needed and
her sunny smiling face will be
sadly missed by all who knew
her.

She was conscious until the last
and realized her condition, but
said she was willing and unafraid
to go.

Short funeral services were
held at the home and open air
services at the church, Rev. De-
tarding officiating.

She leaves to mourn her loss
her husband, her parents, a broth-
er, 4 sisters, her grandfather, be-
sides many other relatives and
friends.

The floral offerings were beau-
tiful and kindly cared for by
Misses Lottie Middendorf, Clara
Shone, Mamie Rhue and Irene
Hamilton.

Interment took place in Neely-
ville cemetery, the pall bearers be-
ing Charles Rolfe, Lawrence
Rhue, William Morthole, Dick
Shone, Carl Northrup and Carl
Vortman.

My Life is but a weaving
Between my Lord and me.

Full oft he weaveth sorrow,
And I in foolish pride
Forget He sees the upper
And I the under side.

Albert Aring and the Rebbe
family wish to heartily thank
their neighbors and friends for
the kindness and sympathy shown
them in their sad bereavement.

THE CORRINGTON SALE
Remember the date, Thursday,
Jan. 16, 8 miles east of Jackso-
ville. Horses, cows, hogs, corn,
implements will be sold.

Clifton Corrington.

A SLIGHT DIFFERENCE
In the item yesterday regard-
ing the federal law restricting
shooting migratory birds, the
writer, not being a sportsman,
carelessly shifted the terms north
and south. The federal law pro-
hibited shooting in the spring of
migratory birds going north and
not south, as the creatures go
north in summer especially for
breeding.

Mrs. John Virgin of the south
part of the county was a shopper
with Jacksonville merchants yester-
day.

WELL KNOWN SCOTT
COUNTY MAN DIES

John Finney Passed Away at
Home Near Bluffs—Dr. Evans
Sells Farm to Will Owen of
Chapin—Bluffs News Notes.

Bluffs, Jan. 13.—John Finney,
prominent farmer, two miles
southwest of town, passed away
at his home early Sunday morn-
ing after a brief illness, aged 89
years and 10 months.

Deceased was the son of Mr.
and Mrs. Samuel Finney, and was
born in Ohio. At the age of six
months his parents moved to
Green county, and later to Scott
county, Illinois, and settled on
the farm south of town where he
spent the remainder of his life
tilling and improving the land.

Later his son, John and two sis-
ters, Misses Edna and Lottie, re-
sided at the home place, further
improving the place until this lit-
tle farm is one of the beauty
spots of "Little Scott."

Miss Edna passed away ten
years ago, leaving his sister,
Miss Lottie, now the only surviv-
ing member of thirteen children,
as housekeeper, a duty which she
faithfully discharged. He was a
devout member of the M. E.
church of Oxville and was a man
of sterling worth and fair in all
his dealings with his fellow men.

Funeral services were conducted
from his home at 10 a. m. Tues-
day, the Rev. George Haas of
Naples, officiating. Interment
was in Naples cemetery.

Dr. C. A. Evans has sold his
farm of 160 acres south of town,
known as the John Priest farm,
to Will Owen of Chapin, for a
consideration of \$18,800. The
doctor found it difficult to oversee
a farm and take care of his large
and growing practice in Bluffs
and vicinity. On Feb. 8th he
will offer at public sale all live
stock, farm implements, hay,
grain, etc.

Mr. and Mrs. B. F. Rockwood
left for Springfield Monday to be
present at the graduation exer-
cises of their daughter, Miss
Helen, who has completed the
course at the Brown's Business
College, and who with 69 others,
will receive her diploma at this
time, Tuesday evening January,
the fourteenth.

Miss Helen has been faithful
in her school work and has
been elected vice-president of
the class. She has secured a lucra-
tive position with the Commercial
Health and Accident Co. of that
city and will take up her duties
with that firm at once.

**Nuxated Iron Helps to
Spread Health and Strength to
3,000,000 People
Annually—
Get Your
Share!**

When you think of the successful men and
women you know—people who are doing
things worth while—you will find that they
possess force, vim and energy—the kind that
simply brim over when the blood is filled with
iron.

Iron is red blood food—it helps put strength
and energy into the veins of men and roses into
the cheeks of women.

A prominent New York Surgeon and former Ad-
junct Professor of the New York Post Graduate
Medical School and Hospital, Dr. Kenneth K.
MacAlpine, says: "If people would only realize that
iron is just as indispensable to the blood as is the air
to the lungs and be just as particular about keeping
up a sufficient supply at all times
there would, in my opinion, be
far less disease resulting from
anaemic, weakened conditions.
In my opinion, Nuxated Iron is
the most valuable tonic, strength
and blood builder any physician
can prescribe."

MANUFACTURER'S NOTE: Nuxated Iron,
which has been prescribed and recom-
mended by physicians and which is used
by over three million people annually is
not a secret remedy, but one which is
well-known to druggists everywhere.
Unlike the older inorganic iron products,
it is easily assimilated and does not
injure the teeth, make them black nor
upset the stomach. The manufacturer
guarantees successful and entirely sat-
isfactory results to every purchaser as
they will refund your money.

Photography a Fine Art
And I have mastered every phase of the business—
posing, printing, developing. I am new among you,
but bring Jacksonville people the fruits of many suc-
cessful years spent in photographic work. Let me
show you what I have done for others. I can do the
same for you.

For Your Storage Battery This Winter!

Don't let it freeze, and don't put it
away to sulphate, and therefore be use-
less in the spring.

Let us take care of your battery this
winter, either wet or dry storage, at rea-
sonable rates.

Changes in Toll Rates

In accordance with an Order of the Postmaster
General, the following changes in the classi-
fication of toll service and rates therefor,
will become effective at 12:01 a. m.
January 21, 1919.

A. STATION-TO-STATION CALLS

A Station-to-Station Call is one on which the person originating the call
does not specify a particular person to be reached at the called station,
but gives only the number of the telephone station desired or the name
and address under which the telephone is listed. The charge for a Sta-
tion-to-Station Call is based upon a rate of six and one-fourth mills per
mile and the period is five (5) minutes where the rate is 25 cents or less
and three (3) minutes where the rate exceeds 25 cents. The charges for
Station-to-Station Calls can not be reversed.

B. PERSON-TO-PERSON CALLS
